Wall mount with accessory storage	
Equipment	
Battery charger:	5 V - 12 V USB-C charging cable + adapter (1 piece each)
Bagless filter system	
Power control:	with 3 power levels
Upholstery nozzle	
Auto-sense technology	
Intelligent dirt detection	

Auto-sense technology

- Intelligent dirt detection optimises cleaning performance in auto mode. This mode automatically detects the amount of dirt and adjusts the suction power accordingly in three stages.

Clean Control Display

- The display provides constant updates on the cleaning process and the device status – including the cleaning mode, the degree of dirt on the floor (when in auto mode) and the battery status.
- In auto mode, the display uses a colour code to indicate the degree of dirt: turquoise for none to little, blue for medium and purple for heavy soiling.

180° swivel joint and LED lighting

- The VCS 3 Nano moves effortlessly around any obstacle and lights up even the darkest corners – for thorough cleaning without compromise.

SUSTAINABILITY INFORMATION FROM VCS 3 NANO COMPLETE
1.198-930.0

Sustainability features			
eco!Mode (Energy Saving Mode)			
Energy saving	%	50	Comparison of the auto mode with the manufacturer's eco!Mode setting. Does not apply to individually adjustable eco!Mode.
